

# Summer Schools

Shape the future of healthcare across Europe as an innovation driver and a healthcare entrepreneur

 EIT Health is supported by the EIT,  
a body of the European Union

Training for  
Students

## What is EIT Health?

EIT Health is a vast, vibrant community of world leading health innovators backed by the European Union.

Working across borders, we bring together the brightest minds from the worlds of business, research, education and healthcare delivery to answer the biggest health challenges Europe faces.

## About Summer Schools

Our Summer Schools offer innovative training based on industry challenges and patient insights. Each of our Summer Schools focuses on a different health specialization to give you in-depth skills and knowledge in your specific field of interest. You can even attend more than one school.

Join the leading European innovation network in healthcare

Train to become a driver of healthcare innovation

Learn from our leading experts about the latest industry insights and trends

## Education at EIT Health

Education needs to keep up with the pace of change in European healthcare. We draw on the experience of experts working at the front line of healthcare innovation to create educational programmes that share knowledge so we can develop the skills needed for a future healthcare system. We deliver innovative thinking by innovative means, challenging conventional wisdom to stimulate creativity and entrepreneurial thinking.

Training for  
Students

# Summer School Programmes 2020

## ENERGHY

### Energising global health innovation and entrepreneurship

Prepare to join the next generation of innovators by developing citizen-centric solutions. Students learn to take a new kind of professional approach to society's healthcare needs in this 10-day Summer School.

**Location:** Online
